	PART 2 選んだ問題番号 (          番)	
4	1	I think using smart phones or tablets in the classroom is a good idea. I have two reasons. First, these digital devices are convenient to look up new information. Second, they can be used in many different ways, such as a camera, dictionary and for emailing each other. They would be very helpful. (53)
	2	I think robots will change our life in the future in many ways. For example, robots will help take care of elderly people. Self-driving cars will take us everywhere safely and there will be fewer accidents. I hope everyone will have their own robots to be part of their family. Robots can make their life easier and happier. (59)
	3	My favorite holiday is New Year's Day. It is because I can visit my grandparents and play with my cousins. We also eat delicious food and get money from the adults. We also go to a shrine to pray for good luck. It is a lot of fun to stay up late and play card games with everyone. (58)
